7. Pilotage Pilot came aboard alone at 080400A ssel lifted anchor immediately thereafter, and reached berth at 080515A Pilot spoke English in addition to Polish and German, and he provided good service. Pilotage is compulsory, and most vessels may enter and leave during day or night. Benzol-carrying tankers, however, are allowed to enter subject port only during daylight hours. Vessel encountered satisfactory depth in reaching berth.

25X1

8. Berth Vessel berthed at benzel leading wharf at designator B. Wharf was an old jetty that has been recently repaired, and two new fender delphins of five piles each have been sunk into the channel to facilitate berthing. Wharf arrangement and tank storage area layout is drawn below:

9.	Bearding Inspection Bo	arding party o	f 10 men and	one woman ar	med with pistols
	came aboard at 050500A	after v	essel had pur	med ballast.	Inspection was
	completed in one hour.				
S. Alle	were not sealed, and no	restriction w	as placed on	photography.
